

## The Area 51 Caller

On September 11, 1997, a man claiming to have worked at Area 51 called in to talk show Coast to Coast AM. He spoke with a frantic voice of extra-dimensional beings and plots by the government that would change our world. You can listen to the recording [here](#). Below is a transcription:

(starting to break up and get more frantic -- Art tells him to "Give us something quick!")

OK...um...um....What we're thinking of as Aliens ...they're EXTRA-DIMENSIONAL BEINGS...that an earlier precursor of the space program made contact with...uh...they are NOT what they claim to be...uh...they have infiltrated a lot of aspects of the military establishment particularly Area 51...uh...the disasters that are coming...the government knows about them....and there's a lot of safe areas in this world that they could begin moving the population to now... Art... but they are not doing anything about it... They want the major population centers wiped out so that the few that are left will be more easily controllable....

(breaking up more, beginning to cry again)

I started getting....

\*silence\* -- show goes off the air at this point

On April 28, 1998, the Coast to Coast AM talk show received another call, purportedly by the same man. He presented himself as "Brian". This time, however, he claimed the initial call was a hoax. You can listen to the recording [here](#).
